- Java is used to develop the android application for customer and a PHP webpage is used by the owner through login authentication.

EDUCATION

M.Tech in Artificial Intelligence and Machine Learning
Vellore Institute of Technology

08/2020 - Present   *8.04 CGPA*

B. E in Computer Science and Engineering
Rajalakshmi Engineering College

08/2015 - 04/2019   *7.28 CGPA*

SKILLS

Data Structures   Analytical   Java   Python   Machine Learning Optimization   MySQL   Project Management   Software Development   Communication   Team player   Self-management

PAPERS PRESENTED

1. Predicting Mental Illness using Machine Learning

2. Survey on the advantages of Lightweight Virtualization

HACKATHON & CERTIFICATION

Rajasthan Hackathon 4.0 (03/2018)
*Developed a **web application** that stores all the medication records of patients linked to their **Aadhar number** that can be used in case of emergencies*

Python Certification on Infosys Campus Commune (09/2018)
Learnt the basics of python programming language

Neural Networks and Deap Learning (01/2022)

Coursera Certification on Architecting with Google Kubernetes Engine: Foundations (06/2021)
Learnt how to create and deploy kubernetes containers in Google Cloud Platform.

Neural Networks and Deep Learning (01/2022)
Learnt the building of shallow to deep neural networks and understanding the key concepts of Deep Learning

WORKSHOPS

Cyber Forensics Hands on Session at Rajalakshmi Engineering College.

Salesforce Badges at Rajalakshmi Engineering College.

Big Data and Hadoop at Rajalakshmi Engineering College

PERSONAL INTERESTS

Quantum Computing   Neural Networks   Virtual machines   Genetics
